almost all cocaine trafficked in and through italy comes from colombia and other south american criminal organizations

we have tried gatorlytes, salt pills, riding a stationary bike, carb loading, and every other imaginable thing with little success

:p i'm inclined to think the scent's of lancome's tresor, but i can't quite put my finger on it.

this extended shelf life is of obvious advantage to those marketing and manufacturing food and it was the driver for the advent of the monstrous barns we call supermarkets
