

# The Susie Glaze New Folk Ensemble

## An Americana Folk Fusion

[susieglaze.com](http://susieglaze.com)

Classic folk music with rough-edged stories of tragedy and fate, all with orchestral arrangements sounding like chamber music gone folk - a lush Americana folk fusion quartet presenting gorgeous eclectic blends of mountain folk and exciting new grassy and Celtic-inspired originals, all with the remarkable voice of Susie Glaze.

"From skilled instrumentation bluegrass jams, Appalachian vocals, sweet high lonesome harmonies and old-time folk influences...sings with the richness of a tapestry of American music that weaves together each genre through song-craft...and authentic performance in such a seamless way, it feels like we're hearing just one genre: great American music...one of the finest and most original Americana groups in California (or in the country for that matter)." **No Depression**
